Shelli Romero, Area Manager Central 503-731-8231

Shelli.Romero@odot.state.or.us

OR99E Bridge Rail Retrofit

(Martin Luther King Jr. Blvd. just north of Lombard St.)

Project purpose

Install an additional bridge rail and protective screening onto this historic structure.

Schedule

Summer 2021 through winter 2021.

Traffic Impacts

- Nighttime directional closures of OR99E with detour.
- Lane closures at night (both directions) and 24/7 one week (southbound).
- Pedestrian detour to other side of bridge. Cyclist detour to Vancouver Avenue.

BRIDGE CONSTRUCTION

I-5 Bridge Bundle

Project purpose

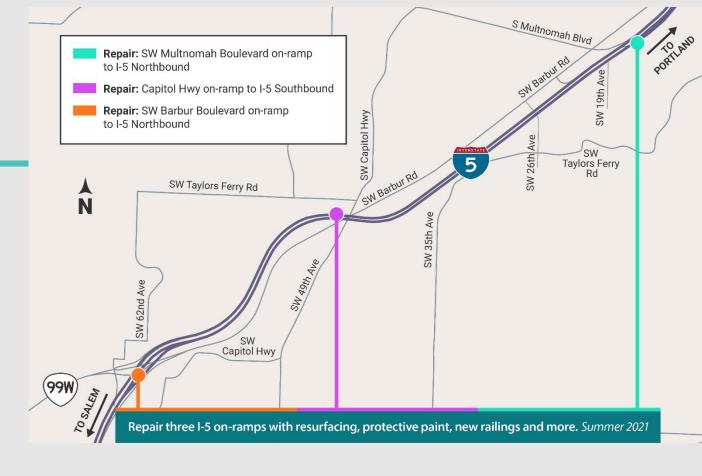

Improve safety and increase longevity of three bridges in SW Portland:

- SW Barbur Boulevard over I-5.
- SW Multnomah Boulevard over I-5.
- SW Capitol Highway on-ramp to I-5 south.

Includes pavement maintenance on two bridges and painting the steel superstructure on a third bridge.

Schedule

Summer 2021 through early 2022.

- Nighttime lane closures on I-5.
- Daytime and nighttime lane or bridge closures.
- 35-day closure of Capitol Highway ramp to I-5 south.
- Pedestrian detours.

OR99W: Barbur @ Capitol (Barbur Crossroads)

Project purpose

Improve safety at the intersection of Barbur Boulevard, Capitol Highway and Taylors Ferry Road with sidewalk and intersection improvements and a left turn restriction.

Schedule

Summer 2021 through summer 2022.

- Nighttime lane closures on Barbur, Capitol and Taylors Ferry Road.
- · Bike lane closures.
- Pedestrian detours.

US30BY: Lombard - Fiske to Boston

Project purpose

Improve safety and travel-time predictability for all travelers. Reduce to 1 lane each way - center turn lane, buffered bike lane, ADA curb ramps, pedestrian activated beacon & new traffic signal rebuilds.

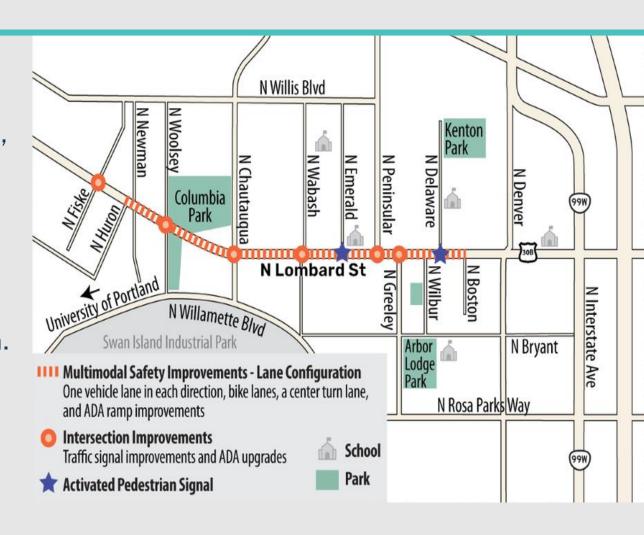

North Lombard will be repaved in 2022.

Schedule

- Now through August 2022, primarily 7 a.m. to 5 p.m.
 Monday Saturday
- Some night work.

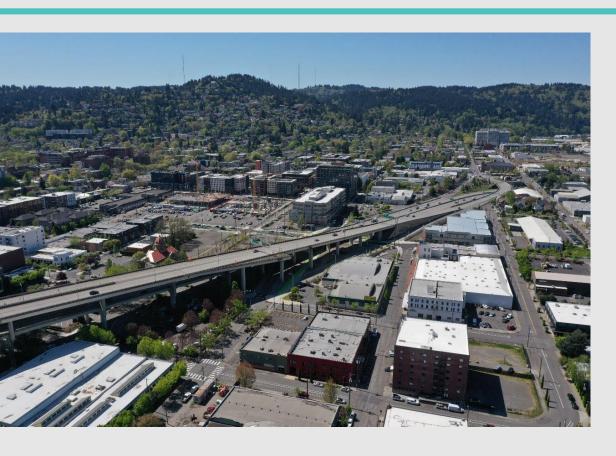

Traffic Impacts

Temporary vehicle lane shifts and pedestrian detour paths.

I-405 Ramps Bridge Joint Replacement

Project purpose

Improve the safety and long-term usability of the elevated sections of I-405 near the Fremont Bridge. Repair or replace bridge joints and install some new concrete surfaces.

In 2021, replace additional joints.

Schedule

Spring 2019 through fall 2021.

Traffic Impacts

Nighttime lane closures.
Several extended weekends of lane closures on the ramps from US30 to I-405 north and south.

Region-wide Bike/Ped

Project purpose

Install Rectangular Rapid Flashing Beacons at five intersections:

- 82nd Ave. at NE Pacific St.
- 82nd Ave. at SE Mitchell St.
- OR99E/McLoughlin Blvd. at SE Boardman Ave.
- OR99E/McLoughlin Blvd. at SE Hull Ave.
- TV Highway/N Adair St. at 12th Ave.

Schedule

Summer 2021 through summer 2022.

- Nighttime and daytime lane closures on 82nd Avenue,
 McLoughlin Boulevard, and Adair Street.
- Pedestrian detours.

I-205: Exit Ramps at Division Street

Project purpose

Improve safety at the interchange of I-205, SE Division Street and SE 96th Ave.

Reconfigure lanes on the I-205 north exit and Division.

Upgrade a traffic signal at 96th Reshape a corner.

Install new accessible curb ramps and buffered bike lanes.

Schedule

Spring 2021 through fall 2021.

- Lane closures on Division and I-205 on/off-ramps.
- Some full nighttime closures of I-205 north off-ramp.
- Pedestrian detours.

Portland Metropolitan Bridge Screening & Rail Retrofit

Project purpose

Install new bridge screening on twelve bridges over highways & new railing on four of the bridges.

Bridge locations include:

- Eight bridges in Portland.
- One bridge in Hillsboro.
- One bridge in Milwaukie.
- One bridge in Boring, and
- One bridge in Tigard/Lake Oswego.

Schedule

 Early 2021 through early 2022.

- Nighttime lane closures on bridges, ramps, and the highways beneath bridges.
- Pedestrian detours.
